In a bid to break new ground, developers are constantly coming up with new housing concepts to lure customers.

TDI infracorp, has announced the launch of their mega project 'Lakegrove'- an integrated township built around artificial lake in Kundli-Sonepat. The township will be replete with skyscrapers, Water Side Floors; Independent Villas & Plots which offer a serene view of the lake.

Speaking at the launch, Kamal Taneja, Managing Director, TDI Infrastructure Ltd said, "In this fast-paced life we have endeavored to offer something new and refreshing for our discerning customers so that they can live life close to nature. With projects in Kundli-Sonepat, customers will most benefit as housing options here is at a relatively less price point as compared to Gurgaon, Noida and Faridabad which makes the area the best place to invest in. The Lakegrove township has been designed by World's leading Architectural firm HOK. We hope the township will definitely attract people not only from North Delhi but also from Haryana, Himachal and other adjoining areas".

Lakegrove has artificial lake, Boulevard, Green Loop, Clubhouse etc which gives an elegant and beautiful look to the township. The Waterside Floors will have G+4 floors with independent elevators. It will offer 3 BHK & 3 BHK study, 4 BHK Duplex and 4 BHK study duplex.

The project has been master planned by the leading architectural firm of London, HOK which has earlier designed the Delhi Airport (T3 terminal) and Lavasa Township. Commenting on his association with the Lakegrove project, Tim Gale, Director, HOK, London, said, "It is an immense pleasure for us to be associated with TDI in India. Our team has taken utmost care in designing TDI Lakegrove so that residents can have a unique experience of living in a world class township. Knowledge on Indian culture, requirements etc are few things which has helped us create a dream house for every ones need."

Strategically located, in north of Delhi on main NH 1 in Kundli-Sonepat, TDI Lakegrove is just 15 minutes away from areas in North and Northwest Delhi like Pitampura, Rohini and Punjabi Bagh through the signal-free Mukarba Chowk. With projects like Rajiv Gandhi Education City, the KGP & KMP Expressway, National Institute of Food Technology Entrepreneurship Management, O.P Jindal Law University, healthcare institutes like Max, Batra, Handa, Vardhman and Raja Harish Hospitals makes it one of the most exciting investment destinations in Delhi NCR for mid segment income group.
