

## Lakegrove township at Kundli

TDI infracorp, launched "Lakegrove"—an integrated township built around artificial lake in Kundli-Sonepat. The township will have high rise floors, water-side floors; Independent villas and plots which offer a serene view of the lake. Speaking during the launch, Kamal Taneja, Managing Director, TDI Infrastructure Ltd said, "With projects in Kundli-Sonepat, customers will most benefit as housing options here is at a relatively less price point as compared to Gurgaon, Noida and Faridabad which makes the area the best place to invest in. The Lakegrove township has been designed by World's leading Architectural firm HOK. We hope the town-

ship will definitely attract people not only from North Delhi but also from Haryana, Himachal and other adjoining areas".

The Waterside Floors will have G+4 floors with independent elevators. It will offer 3 BHK & 3 BHK study, 4 BHK Duplex and 4 BHK study duplex at a competitive price as compared to housing options in Noida,

Gurgaon or Faridabad. The seamless drive from Rohini in north of Delhi will give the residents an option to explore affordable housing in that area.

Strategically located, in north of Delhi on main NH 1 in Kundli-Sonepat, TDI Lakegrove is 15 minutes away from the upmarket residential hubs of North and Northwest Delhi.
