DEVELOPING RETAIL IN INDIA

VOL. 3 NO. 6 ₹100

## SCO COMPLEX AT TDI CITY, KUNDLI

**T**DI group launched Emperor Square, a SCO complex in TDI City, Kundli, situated on main NH-1, 2.5 km from Delhi border. This state-of-the-art commercial edifice is conceptualised as an upmarket commercial destination with recreation zones to serve the future business needs of inhabitants of TDI city, Kundli as well as neighbouring areas. The entire design plays on the idea of blending indoor and outdoor retail experiences.

It will have built up office-cum-retail units in the sizes of 204 and 300 square yards with round-the-clock security, glass façade, vitrified flooring, ample parking space, and is meant to house major retail brands across various categories, and offices of leading business houses.

Speaking on the occasion Sonia Kathuria, AVP marketing, TDI Infrastructure Ltd said, "TDI has always taken pride in delivering the best service to its customers. Continuing the trend, we have announced Emperor Square, a unique SCO complex that

will reinterpret the traditional market places in India while giving a high street shopping pleasure to its customers." She added, "Once ready, it will recall

next hot destination for investment and quality living for the people in and around NCR region owing to its close proximity to Delhi and the buzzing

the shopping experience of Khan Market and South Extension markets of Delhi."

Emperor Square is part of the TDI City project, Kundli, a 1500 acres integrated township which depicts all the elements of urban lifestyle with all civic amenities like clubs, hospitals and schools. Kundli is coming up as the

infrastructural developments like KMP expressway, the 5,000 acre Rajiv Gandhi Education City, the six-lane NH 1, proposed metro connectivity, IT parks and National Institute of Food Technology Entrepreneurship and Management (NIFTEM), in and around Sonapat region.
