

A city of solace

Ready to move in 'My Floors' in TDI City, Kundli

TDI City, Kundli

Project Outline

TDI City at Kundli, Haryana, has been conceptualised as an integrated township offering luxurious living and global standards at an affordable price. The homes have been created in response to the needs and sensitivity of patrons. A spectacular ambience, lush-green environment, open spaces and extensive landscaping, pollution-free atmosphere with multi-level security has been provided for. The city has exquisitely designed expandable villas with classical architecture for people who want to opt

for readymade luxury homes. The plots are of various sizes - 250, 350, 500 and 700 sq.yds, of which about 50 per cent are greenery facing.

Kundli, situated north of Delhi on main NH 1 in Sonapat today has become the best investment destination in NCR. In Kundli, the average plot price today ranges from ₹ 25,000 to ₹ 30,000 per sq.yd. Whereas, few years ago, when TDI Infrastructure Ltd, the largest developer of the region with 1,250 acres launched 'TDI City', one of its initial projects, the price was about ₹ 5,000 per sq yard.
